24th Colloquium on Generative Grammar

in honor of Violeta Demonte

The CGG was first conceived by Violeta Demonte, and was hosted at the UAM in 1991. Since then, it has been organized every year in a different city across the Iberian Peninsula, and in 2014 it returns to Madrid, where CSIC and UAM have joined forces to organize a very special edition of this conference. We dedicate this edition to our colleague, mentor and friend, Violeta Demonte, in the year of her retirement. With the collaboration of institutions, colleagues and participants, we hope to succeed in making this a fruitful as well as memorable event.
