

BRILL *Over three centuries of scholarly publishing*

Arabic Literature of Africa, Volume 3b

The Writings of the Muslim Peoples of Northeastern Africa

Authors: Alessandro Gori, Irmeli Perho, and Adday Hernández

Following the traces first left by *The Arabic Literature of Africa volume 3A* published in 2003, this widely enlarged and precisely updated edition of that pioneering work aims at providing a full-fledged and meticulously detailed reference book on the literature produced and circulated by the Muslim communities of the Horn of Africa. This entirely revised version of *ALA3A* makes use of the absolutely fresh data discovered and collected by the editors from 2013 to 2018 the framework of the ERC-funded project *Islam in the Horn of Africa: A Comparative Literary Approach* and draws a new comprehensive picture of the textual production of the Islamic scholars of the Horn of Africa since its first attestations until the present time.
