Aims and scope

Romance Studies is an international, fully refereed journal devoted to the study of the Romance literatures and cultures. The journal is a forum both for established scholars and new researchers worldwide. *Romance Studies* encourages new theoretical engagements and is open to the full range of comparative and interdisciplinary approaches. A single, broadly-defined theme provides the focus for dedicated issues whilst articles on other subjects are invited for 'open' issues. *Romance Studies* publishes articles written in English, French, Italian, Portuguese, and Spanish.

Submissions All contributions should be submitted in the first instance as an email attachment in Word or Rich Text Format to the Journal Secretary, Florencia Cortés-Conde, submissionsromancestudies@gmail.com.

Detailed **Instructions for Authors** are located at www.maneyonline.com/ifa/ros.

Style *Romance Studies* follows the conventions of Maney Style. For more information visit: www.maneyonline.com/ifa/ros.

The Author-Date System should be used for referencing in order to minimize the number of footnotes or endnotes. References in the text should be made within parentheses and include the surname of the author (unless the author already appears within the same paragraph), the publication date of the work and, where necessary, the page reference. Contributions should be followed by an alphabetical list of **Works Cited**, comprising only those sources actually cited in the text.

Publication Ethics Maney's copyright and ethics (including plagiarism) policies and best practice guidelines can be found at www.maneyonline.com/page/authors/publishingethics-general.

Open Access policy Open Access article publishing is offered for either gold (immediate) or green (delayed) open access subject to the conditions set out in the journal's Instructions for Authors at www.maneyonline.com/ros.
